WATERMELON COCKTAIL

Wonderfully refreshing!

It's World Water week, and carbon neutral water company Belu are challenging people to carry a watermelon (à la Baby from Dirty Dancing!) for six whole days, to raise money for WaterAid's [Madagascan School Appeal](#). The aim is to get people talking about the millions of people - predominantly women - who still have to carry water for miles.

London restaurant Coq d'Argent supply Belu water and will be donating £1 to WaterAid for each Belu bottle sold during World Water Week. Their talented bar manager, Pawel Rolka, has also devised a delicious watermelon cocktail, Belu Watermelon Fizz. Here is the recipe for you to enjoy!

Ingredients

40ml Vodka

20 ml Rhubarb Liqueur

15 ml Elderflower Cordial

5ml Lemon Juice

3/4 pieces of watermelon

Method

Shake and serve in a Martini glass

Finish with Sparkling Belu Water for added fizz
